

IGERT Seminar Report Sheet

Name of Trainee:

Date:

Title of Talk:

Presenter:

Department of Seminar:

Answer all the following questions in 2-4 sentences

What was/were the primary hypothesis of the talk?

What was the most important experiment to support the hypothesis?

What control experiment was there?

What was the key novelty of the work?

What was the biggest weakness?

Are there any references you plan to look up? (i.e. JACS 129, 4929 '07)

Is there a technique or idea you want to incorporate into your research (if so, briefly explain)
